Why do you like reading and/or why do you think it’s important?

I like reading because it allows you the opportunity to expand your horizons and get lost in a different world. When you are totally absorbed in a book, reading stretches your imagination as you picture the words in your head and predict what’s going to happen to the characters you are reading about.

Everything you read fills your head with new bits of information, and you never know when it might come in handy. The more knowledge you have, the better equipped you are to tackle any challenge you’ll ever face.

Or as Dr. Seuss more eloquently puts it. . . .

“The more that you read the more things you will know. The more that you learn the more places you’ll go.” – Dr. Seuss
