Student Reader of the Month for July

Dulmi yr 8

How often do you like to read?
“I read whenever I have a chance to. With the arduous task of completing school assignments from numerous subjects, I try to sneak in a few minutes of reading at daytime if I can afford to. Sometimes when I read a book, I don’t even know how many hours I spend reading a book! I really like to read every day for a couple of hours at night. I most definitely have an addiction to reading.”

What do you like to read?
“I Like to read sci-fi books and mystery books. I find that reading about mysteries means solving unsolved problems and bringing closure to situations. Reading a mystery book brings satisfaction to me and it makes me wanting more. When reading a science fiction book, they are usually full of fast paced and riveting content. It delves into ethical dilemmas and an oeuvre of weird and wondrous.”

List one book that has left a lasting impression on you and explain why it’s memorable . . . .
“The one book that has left a lasting impression on me was “Divergent” by Veronica Roth. It was packed full of raw emotion and filled with beautiful description, searing itself into my conscious, definitely making a last impression on me. It depicts the specifics of a world that is more fully realized and it sustained a level of excitement and momentum throughout the book. This rather spellbinding story ends with a blood-rending, heart pumping conclusion. This book’s adventure sequences come to life in a way that ignites my imagination. I highly recommend this for people who like sci-fi and dystopian worlds.”
